Application/Control Number: 10/655,993 Page 2

Art Unit: 2837

## **DETAILED ACTION**

## Allowable Subject Matter

- 1. Claims 1-50 are allowed.
- 2. The following is an examiner's statement of reasons for allowance: The prior art made of record does not teach a system/method for sensing motor current from a three-phase motor comprising a first circuit, which generates a first current that is proportional to the difference between a reference voltage and a voltage across a first resistor that is connected between a first switch of a first leg of a three-phase motor and a power supply voltage when the first switch is active, and proportional to the reference voltage when the switch is inactive; the first circuit also generates a second lower current proportional to the sum of a second reference voltage and the voltage across a second resistor connected between a second switch of the first leg of the inverter and ground when the second switch is active and proportional to the second reference voltage when the second switch is inactive.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Rina I. Duda whose telephone number is 571-272-2062.

Art Unit: 2837

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, David Martin can be reached on 571-272-2107. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see http://pair-direct.uspto.gov. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free).
